

POKÉMON GO, RÉVÉLATEUR DE LA VILLE HYBRIDE

POKÉMON

GO

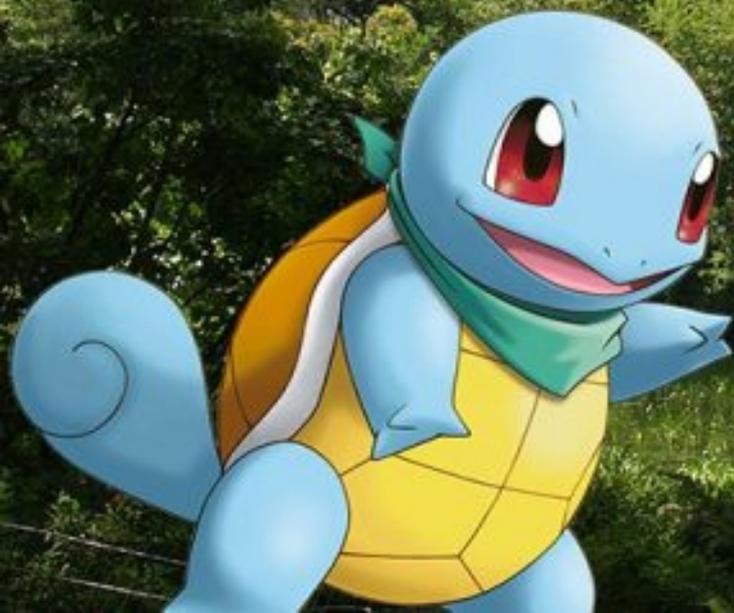

A large crowd of young people, likely students, is walking along a paved path in a park-like setting. Many of the individuals are looking down at their smartphones, suggesting a high level of digital engagement. The path is lined with trees, and the overall atmosphere is one of a busy, modern urban environment. The text "LA VILLE LUDIQUE, SOLITAIRE OU CONVIVIALE ?" is overlaid on the image, centered horizontally and vertically.

KOAT

A table set up outdoors on grass, displaying various merchandise. On the table, there are several bags of Doritos (red and orange), bags of Lays (yellow), and other snacks. There are also several water bottles (blue and green) and a white pitcher with a blue lid. The table has a sign on the side that reads 'Pokéstop' in a stylized, bubbly font. The sign also features a small Pokéball logo and some smaller text below the main title. The table is covered with a yellow cloth.
